PARTNERSHIP PROFILE

Small craft and wooden vessel surveyors

Ark Surveys brings together in partnership over 30 years experience with most types of craft, sail and power, in wood or GRP. We are fully conversant with modern yacht production. However, with our traditional background we have the widest possible expertise in wooden boat construction for craft of all ages.

Ark Surveys routinely operates throughout the South Coast and East Anglia, based from offices near Southampton and Maldon.

Ark Surveys are able to offer:

- Full condition reports
- Special or partial surveys
- Damage reports
- Project supervision for refits, repairs, or new builds
- Design and specification advice
- Valuations

With services tailored for individuals, we can report on the whole vessel or focus on just one area. So, you only pay for the information you need.

- Certified Yacht Surveyor
- Accredited Member YDSA
- Full professional indemnity insurance
